REQUEST FOR CORRECTED FILING RECEIPT

Applicants request a corrected filing receipt showing a claim of domestic priority from Applicants' PCT application PCT/JP02/003089.

As part of a January 5, 2006 Decision on Applicants' Petition under 37 CFR 1.182, the Commissioner for Patents issued a new filing receipt that removed the identification of Applicants' PCT application PCT/JP02/003089 as a "foreign application." This action was necessary since the PCT application was filed more than one year before the filing date of the present application.

The new filing receipt does not show a claim of domestic priority from the PCT application, however, even though such a claim was included in the application data sheet. A copy of the application data sheet filed with the present application is attached hereto. The data sheet shows the claim of priority from PCT/JP02/003089 under Item III of the New Application Transmittal data sheet.

Therefore, Applicant respectfully requests issuance of a corrected filing receipt showing a claim of domestic priority from PCT application PCT/JP02/003089.

No fee is believed due in connection with this communication. However, if it is determined that a fee is due, the Commissioner is authorized to charge any such fee to Deposit Account No. 50-0337. A duplicate copy of this paper is enclosed.
